Dear Parents/Carers,

The Governing Body is delighted that the improvement in our KS2 results has continued. We are pleased to report that St Thomas More Primary is now performing above the national and Greenwich averages. The results in mathematics are very good indeed and we are in the top 10% of schools in the country. We are so proud of our staff and children, and the hard work that is being done.

I would like to thank you all for your patience and understanding during the building works. Five governors attended the official opening of the new Reception class last week and spoke to children and parents/carers who are delighted with the new room. Several parents took the opportunity to speak to Governors about the need for a nursery and I just want to assure you all that this is still on the Governors’ list of priorities.

The school has appointed two new members of staff; Mr G Marinetti and Mrs S Teeley to run the new kitchen. Governors are delighted that we will now be able to serve hot meals and we look forward to trying them out in the New Year. The new provision will give us the flexibility to offer breakfasts as well as enabling us to meet the requirements of the National Curriculum.

There are some changes to the membership of the Governing Body. This term we said goodbye to Oli Eliasson who was one of our Vice Chair of Governors who has moved, with his family, to Japan. Oli was a very hard working governor who made a real contribution to the school, we will miss him. A new foundation governor has been appointed his name is Mr Salvatore Consolino.

The improvements in our KS2 results and developments in the school building are evidence of the effectiveness of the partnership with St Thomas More Comprehensive and I hope to write to you next term with more information about the next stages of development.

May I take this opportunity to wish you all a peaceful and happy Christmas.

Seasonal Greetings

Christine Grice
Chair of Governors
