Children learning from home

Thank you all for your patience and understanding in response to the ongoing virus. We are taking all the steps that we can to protect our children, staff and the families at home. The guidance remains that if you or any household member has any flu symptoms then you should all self-isolate for fourteen days. If you are unsure please contact the school for further advice.

We have taken the decision to consider our staff who are vulnerable to ask them to remain at home. This will significantly reduce our staff numbers and may result in some classes being combined. Work has been prepared for students who are going to be at home. Teachers will communicate via email accounts that we have set up purely for the duration of the virus. You may respond to these addresses with class-work based questions only. Any other queries or questions please contact the school on sao@stmprimary.org by phone.

Please see the links below that will help support your child learn from home. Both mymaths and sumdog are at present the platforms the teachers will be using to set work from. If you or your child is unsure of their login please email the relevant teacher on the above address.
A site that we subscribe to is allowing parents access to support prayer at home throughout this challenging period. Please see their links below:

**Sunday 5 April 2020**

https://www.tentenresources.co.uk/sunday-liturgy-for-families/

**w/c 6 April 2020 (Holy Week)**

www.tentenresources.co.uk/daily-prayers-for-home

In preparation for Easter please this website that provides some activities for each day in Holy Week, these can help families to move through the week thoughtfully, prayerfully and with some fun.

In addition to this the following sites are offering free access to their resources whilst school closures are in place. We recommend you make use of these sites too.

https://www.oxfordowl.co.uk/

https://whiterosemaths.com/homelearning/

https://collins.co.uk/pages/support-learning-at-home?utm_source=SilverpopMailing&utm_medium=email&utm_campaign=20200319_COL_ShopifySchools_SLFH%20(1)&utm_content=#Primary

The website 'BBC Supermovers' is fantastic for curriculum linked resources to get children actively learning. There is a range of mainly English and Maths videos and it is accessible for EYFS, KS1 and KS2.

https://www.bbc.co.uk/teach/supermovers

There is also 'Fischy Music' who are streaming a 'Fischy Music' assembly at 11am every Monday on YouTube. Again, this is accessible for all children. It lasts approximately 25 minutes.

https://www.youtube.com/user/Fischymusic

This website forces on the global goals and how we can help our world be a better place. There are lots of lessons and ideas that families could get involved with with a broad focus on interesting topics.

The “stem” website provides ideas for fun activities to do at home that link with science, technology, computing and maths.

https://www.stem.org.uk/home-learning/primary

The pod website offers lots of activities linked to the environment. We would have been using this site for our Waste Week to highlight how our community can help their environment and take care of the world we live in.

Hopefully families will find time for fun and relaxation during the school day, please ensure children get to exercise every day. The following link has been offered by Joe Wickes for a daily PE lesson from Monday.
